**New Business:**

York North Fire

- FC Justin was in and discussed the Fire Service Merger and how that is going.
  - There are difficulties that need to be overcome in both areas.
  - The roll out was not as smooth as it could have been.
  - The roles within both departments have not yet been identified and that should be done quickly to ensure that each individual role is well identified. Wendy will compose a letter for DELG to get this moving.
  - There is a budget freeze in place from FC Justin until the lease agreement for the SCBA's is agreed upon. - If more help is needed, the LSD will push.
  - Radio improvements need to happen - Wendy will email the person responsible to get this completed.
  - This is a LSD Fire Department and we feel the Policy for NB Local Service District Fire Department needs to be adhered to.

**Old Business:**

Rural Community;

- We discussed the Rural Community and the upcoming plebiscite. It will be a close vote, on-going information sessions are still happening.
